

To whom it may concern,
My name is David Arrieta, and I am a very frequent listener and supporter of air1 radio. And by support I mean I fund it along with millions of other believers around the world. Air1 is too important to todays society for you to make these new rules that would force them off the air! Air1 isnt just for those already saved. Its an easy way to turn non-believers to Christ. For me personally it would be a huge loss because I am in the United States Navy, and it goes without saying that I travel a lot, and I would lose this great station. I currently work with a chaplain at a marine corps boot camp where we deal with a ton of recruits who are at the end of their rope due to the stress of training and in my office I always have air1 on the radio, and it is encouraging for the recruits. The station is one of the few on the air that doesnt bring you down or make you angry when you turn on the radio, like you get with the rest of the garbage in todays mainstream music. It's positive, helpful, desperately needed in todays hard world, and you would be doing a disservice to the community and the world if you took it off the air. Thank you for taking time to hear my comment. God Bless.
sincerely,
Petty Officer David Arrieta, USN
